Company Overview

Royale P Holdings (Pty) Ltd is an Earth Sciences conglomerate providing specialist services in Geotechnical Engineering, Civil Engineering, and Agriculture. Established in 2013, Royale P was formed in response to growing demand for quality, precise Earth Sciences services — including Geotechnical and Civil Engineering, Project Management, and water solutions for Agriculture, Water, and Sanitation sectors.

We deliver professional services to Environmental Scientists, Architects, Civil Engineers, Project Managers, Farmers, Construction and Industrial clients, as well as Government and Municipal entities.

Royale P is committed to excellence and integrity in every service we deliver. All analysis and evaluation are conducted in compliance with generally accepted principles of sound engineering practice.

Our Mission

At Royale P, we prioritize quality over quantity. We uphold the highest standards of professionalism, technical accuracy, and independent judgement to deliver optimal value to our clients and end-users.

Our Vision

Our vision is to be a comprehensive solutions partner to the Built Environment. We aim to be the most competitive and professional Earth Sciences firm in South Africa — specializing in Geotechnical, Agricultural, Environmental, and Project Management services — delivering quality-driven results.

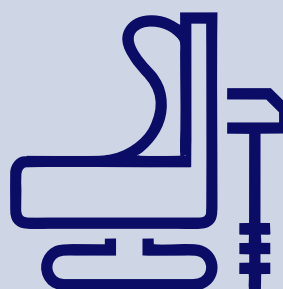

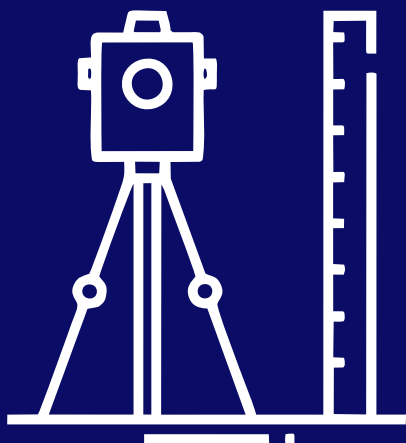

Integrity. Quality. Ownership.
Safety. Partnership. Precision.
These are the values that drive
every Royale P project.

Core Services

GEOTECHNICAL & CIVIL ENGINEERING LABORATORY - SANAS ACCREDITED:

- Soil Testing;
- Concrete Testing;
- Aggregate Testing;
- Slump Testing;
- MOD & CBR Testing;
- Panel Curing, Coring & Durability Testing; and
- Concrete Moulding.

GEOTECHNICAL & SURVEYING:

- Geotechnical Investigations & Reporting: Roads, Pipelines, Dams, Buildings, and Bridges;
- Land and Geometric Surveying; and
- Geotechnical Drilling.

HYDROGEOLOGICAL SERVICES:

- Hydrogeological Investigations;
- Borehole Drilling, Equipping & Yield Testing; and
- Water Quality Testing to SANS Standards.

AGRICULTURAL SERVICES:

- Borehole Surveys & Siting;
- Dam Geotechnical & Lining Material Investigations;
- Tank, Pump & Irrigation Systems Installation;
- Soil Testing: pH & Conductivity;
- Land Preparation; and
- Chemical & Fertilizer Supply.

**PROJECT MANAGEMENT & CONSULTING:**

- Geotechnical Engineering Investigations; and
- Project Management & Quality Control.

Quality Policy

Royale P Holdings (Pty) Ltd is committed to delivering technically sound, accurate, and reliable results that meet client requirements and applicable standards.

We achieve this by:

1. Operating a SANAS-accredited laboratory with calibrated equipment and trained personnel.
2. Complying with ISO 17025, SANS, and industry best practices in all testing and reporting.
3. Maintaining a culture of continual improvement through regular audits and staff training.
4. Ensuring impartiality and integrity in all engineering judgements and recommendations.

Quality is not an act — it is our standard.

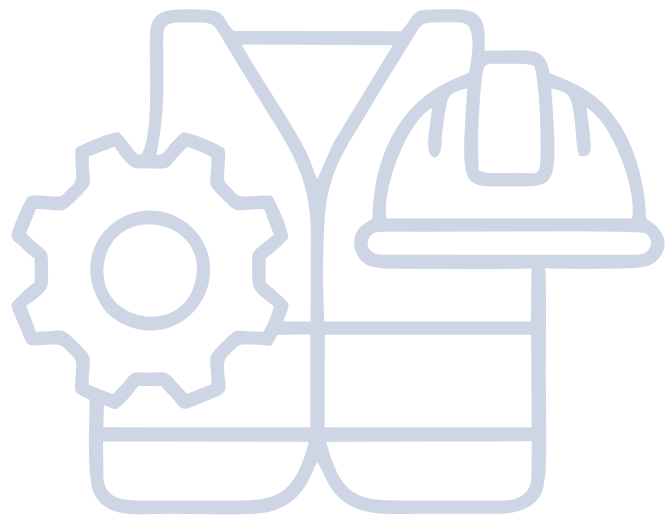

Health & Safety Policy

Royale P Holdings (Pty) Ltd is committed to providing a safe and healthy working environment for all employees, clients, and subcontractors.

We commit to:

1. Complying with the Occupational Health and Safety Act 85 of 1993 and all applicable regulations.
2. Identifying, assessing, and mitigating risks associated with drilling, laboratory testing, and field investigations.
3. Providing appropriate PPE, training, and safe work procedures for all site and lab activities.
4. Investigating all incidents and near-misses to prevent recurrence.
5. Promoting a culture where safety takes precedence over production.

The safety of our people is non-negotiable.

Project Experience

Royale P has successfully delivered projects for SANRAL, Municipalities, Consulting Engineers, and Private Clients across Mpumalanga, Limpopo, and Gauteng. Recent projects include:

01

SANRAL R555 RESURFACING -

- Site Materials Laboratory & QC Testing
- AVX Consulting / Shumba Engineering
- Soil & Concrete QC Testing.
- R6,617,140.00
- Ongoing

02

NKOMAZI LOCAL MUNICIPALITY -

- Nyathi WTW, Pipeline, Reservoir & Pump Station
- GM Ngwenya Consulting
- Geotechnical Investigation.
- R 602,008.25
- Completed

Full project schedule available on request.

Thank Youuu!

We don't just provide reports.
Our priority is delivering on your
project's objectives. We manage
every drilling, testing, and
investigation with full ownership, as
though it were an in-house mandate.
